This list is limited to CATS-identified major transit capital projects throughout the life of the 2055 Metropolitan Transportation Plan. The CATS Transit System Plan will provide additional information about projects listed.

The listed horizon bands are specifically for high level planning for the purposes of the MTP and are subject to change. All five projects are programmed to be implemented within the life of the 2055 MTP.

ICATS, UCT, and MTS did not have any major capital projects requiring fiscal constraint.

Funding notes:

- 1) The financial analysis assumes FTA funding through the Capital Investment Grant (CIG) program.
- 2) For Mecklenburg County projects, the financial analysis assumes a future Mecklenburg County sales tax, currently proposed in NC General Assembly.
- 3) For portion of the Red Line in Iredell County, the financial analysis assumes a future local funding match; source(s) to be determined.
- 4) Transit agency will work to expedite projects as soon as funding is available and some projects, or portions of projects, may be completed early in the horizon band.
